THE GLASS SLIPPER

The new operetta by Mary H. and John Wilson Dodge, Authors of "Miss Cherryblossom," "Gypsy Rover," and other popular operettas

It is based, of course, on the story of Cinderella, but with modern lines in the libretto and lyrics which make good comedy. This is not a children's operetta, but will be a splendid number for high schools and other amateur organizations. 5 males, 5 females, and chorus. Some of the tuneful numbers are: "It's All in the Way You Look at Things," "Two Haunting Eyes," "What a Life I'm Leading," "I Live in a Land of Dreams," "Little Bunch of Violets."

The School Piano is a Necessity!

RECOMMENDATION ADOPTED BY THE NATIONAL CONFERENCE

At the last Music Supervisors' National Conference the Educational Council submitted the following recommendation which was adopted by the conference: "The equipment necessary to make music effective must include a keyboard instrument available for each class, pianos of good grade for piano classes, recitals, etc."

The Most Practical Piano

W. Otto Miessner, the originator of the small piano for schools, now offers to the schools of America his latest creation, the Monogram, the most efficient and most durable piano for school use.

Its tone is remarkable in richness and power—as big and beautiful as that of a small grand. Just 3 feet, 7 inches high, 4 feet, 6 inches wide, light enough to be moved from room to room by two pupils. The improved

Monogram has a full size standard 88 note keyboard and many new features which add to convenience and long life of the piano.

Plans for Raising Money

Any school can have a Monogram. Hundreds of teachers have devised plans for raising the money—simple, enjoyable ways of getting funds. We have completed their letters in book form — 32 pages. Write for this free book, the Monogram catalog and special offer of schools.
